

A QR-native billing & payment system for hospitality.
Scan, mark, pay.

The table, made effortless.

Avla reimagines the way people interact with dining spaces. With a single scan, the table becomes a personal ordering and payment hub – fast, effortless, and entirely in the guest's control.

Designed for the rhythm of modern life, Avla removes the unnecessary steps between intention and action.

For businesses it brings clarity and efficiency.

For guests, it brings freedom.

MISSION

To return time to the table – by making ordering and payment disappear into a single, trusted gesture.

VISION

A world where the bill never interrupts the meal – and hospitality is measured in presence, not process.

POSITIONING

The calm infrastructure beneath the meal – not a loud app, but an invisible host that anticipates, settles, and steps back.

One mark. Total discipline.

The logomark is the most concentrated expression of the brand.
It is a fixed asset – reproduced, never redrawn.

THE LOGOMARK

PRIMARY LOCKUP

CONSTRUCTION GRID

Built on a 6 × 7 modular unit. Each quadrant is one letter of ავლა, drawn from the same stem weight. Scale the master vector — never redraw.

CLEAR SPACE & MINIMUM SIZE

Clear space = 1X on all sides (X = one quadrant width).
Minimum size: mark 24 px / 8 mm • lockup 32 px / 11 mm.

APPROVED COLORWAYS

Purple on Ink · primary

White on Purple

Ink on Paper

Reversed · accent

WHAT NOT TO DO

Never rotate or tilt.

Never stretch / distort.

Never low contrast.

Never effects / shadow.

Type that speaks plainly.

H O W T O U S E I T

Purple is the signal of action – the colour of the scan, the tap, the confirmation. Use it for the mark, key interactions, and brand moments. Lead with it sparingly against ink and paper so it always reads as intentional, never decorative.

QR INTEGRATION FRAME

The Avla QR sits in a rounded container with four purple corner brackets and the mark centred in the quiet zone. Keep ≥4 module white margin; never tint the code itself.

One primary action per screen.

L A Y O U T P R I N C I P L E S

A persistent header carries the mark and table context. Content sits on paper with hairline dividers; the single purple action anchors the bottom of the screen.

One primary action per screen — everything else recedes. Rounded geometry, generous spacing, one decisive accent.

In the world, at the table.

RESTAURANT TOUCHPOINTS

PREMIUM MERCHANDISE

We speak the way the product behaves.

01 TONE OF VOICE

We are

Calm, assured

Precise, plain

Warm, human

Confident, brief

We are not

Loud, urgent

Clever, jargon-heavy

Cute, gimmicky

Pushy, salesy

In practice: say “Scan to begin.” not “SCAN NOW & SAVE TIME!!”
The brand never raises its voice to be heard.

02 GENERATIVE PATTERN

Derived from the mark — fragments of the four quadrants in a QR-like rhythm. Use as subtle single-colour texture on dark grounds.

AVLA BRAND BOOK

Scan. Mark. Pay.

PROJECT

Avla – QR-based billing & payment
platform for hospitality.
